For those not interested in participating in the switchboard forum, an alternative discussion is planned which could explore the need to establish alternatives to gay bars and baths and public restrooms, which are presently the only widely available meeting places for gay people. Both discussions are planned before the regular business meeting. Coffee, tea and baked goods will be available during the meeting.

The Pennsylvania Lesbian/Gay Support Network received a generous contribution from the Philadelphians for Gay Rights, \$121.27. These funds were remaining in the Philadelphians' treasury before it dissolved and designated these funds to the Network.

Hope to see you there!
